

## CITY OF ORCHARD LAKE VILLAGE STANDARD NOTES

1. The Contractor shall notify the City of Orchard Lake Village (City), Road Commission for Oakland County (RCOC), and the Oakland County Water Resources Commissioner's Office (OCWRC) 24 hours prior to the beginning of any construction.
2. All construction shall conform to the current standards and specifications of the City, RCOC, and OCWRC.
3. All construction shall have full time inspection supervised by a professional Engineer provided by or caused to be provided by the City as necessary.
4. Call MISS DIG (1-800-482-7171) a minimum of 72-hours prior to the start of construction.
5. All soil erosion and silt must be controlled and contained onsite. A Soil Erosion Control permit is required by OCWRC prior to start.
6. All excavation under or within 3-feet of public pavement, existing or proposed, shall be backfilled and compacted with sand (Class II MDOT – minimum).
7. The Contractor is responsible for all damage to existing utilities.
8. The Contractor is responsible for obtaining all permits including a permit to occupy public utility easements and public Rights-Of-Way.
9. All work (including trench backfill) in County Rights-Of-Way shall conform to Road Commission for Oakland County (RCOC) requirements and be subject to the approval of the same.
10. The Developer shall be responsible for providing positive drainage to storm water outlets on site to eliminate standing water in vacant areas during construction of the development.
11. If any discrepancy between these plans and the jurisdictional agency standards occurs, the agency standards shall govern.
